CONCLAVE

Independent organizations.
Trade. Logistics. Defensive support.

A small Star Citizen network for resource-focused groups that want dependable trading partners and practical help. Keep your name, leadership, Discord, treasury and ships. Start with modest commitments that work.

Five-org pilot cap
Including UNN and retained trials

Trade + QRF
Agreed deals; staffed windows

One equal vote
Per independent full member org

WHAT WE CAN BUILD TOGETHER

USEFUL BENEFITS, CLEAR LIMITS

Find resource suppliers, buyers, haulers and willing escorts. Agree stock, price, delivery and cargo risk for each deal. QRF assesses defensive help during actual staffed windows; no guaranteed response time, recovery, discount or buyback.

Choose trade/logistics only, optional events, or qualified QRF duty. Five SIG identities support different interests; badges grant no sensitive access. Precise routes, cargo details and response plans stay with the people doing that task.

HOW WE WORK TOGETHER

YOUR ORG STAYS YOURS

Full partners appoint a delegate and alternate, sharing one org vote. Trade-only members have equal standing. Founder status, fleet value and combat attendance give no extra power. Events and response duty are opt-in; accepted commitments matter.

Pilots may transfer voluntarily. No targeted recruitment through alliance access. Trade, logistics and staffed QRF duty count as activity. After 60 inactive days, notice and dormancy review apply; prolonged inactivity can lead to fair offboarding.

START SMALL; BUILD TRUST

A LIMITED TRIAL, THEN A RECORDED DECISION

We seek active resource/trade orgs with fewer than 50 listed RSI members; actual activity and interest are verified. Two partner representatives approve a 30-day trial. Complete two modest trades, deliveries or support activities with different partners, then receive a written review and council vote. At most two trials run within the cap.

WHAT DO YOU SUPPLY—AND WHAT DO YOU NEED?

Reply with your org contact, resource focus and workable time window. A small first transaction comes before wider access. Partners, terms and coverage remain to be agreed.
